4. Signature and Authorization

As the CollegeCounts 529 Fund Advisor Plan Account Owner or CollegeCounts 529 Fund Advisor Plan Beneficiary/Roth IRA Owner I hereby authorize and direct the Roth IRA Rollover indicated above and certify that I understand the rules, requirements, and limitations governing rollovers from the CollegeCounts 529 Fund Advisor Plan to a Roth IRA, including:

- The CollegeCounts 529 Fund Advisor Plan Account must have been maintained for the 15-year period ending on the date of the Roth IRA Rollover.
- The amount of the Roth IRA Rollover may not exceed the aggregate amount contributed to the CollegeCounts 529 Fund Advisor Plan Account (and earnings attributable thereto) before the 5-year period ending on the date of the IRA Rollover.
- The Roth IRA Rollover must be made in a direct trustee-to-trustee transfer to a Roth IRA maintained for the benefit of the Beneficiary of the CollegeCounts 529 Fund Advisor Plan Account.
- Each year, the 529-to-Roth IRA Rollover will be subject to annual IRA contribution limits, minus all other IRA contributions made during the year for the same designated beneficiary (for 2026 the limit is \$7,500). All contributions made during the year to individual retirement accounts for the Beneficiary count towards this limit.
- The aggregate amount for all years of Roth IRA Rollovers for the same Beneficiary from all 529 qualified tuition programs may not exceed \$35,000.
- The IRS may issue guidance that may impact a rollover from a CollegeCounts 529 Fund Advisor Plan Account to a Roth IRA. Additional restrictions may apply under federal Roth IRA rules and guidance. Please consult a financial professional or tax advisor regarding the applicability of these rollovers to your personal situation.
- The Beneficiary listed in Section 1 of this Form will be issued IRS Form 1099-Q and will be responsible for any reporting of rollovers on their income tax returns for the year of the rollover and for paying any related taxes or penalties.
- I understand that it is my responsibility to ensure that these assets qualify to be rolled over to a Roth IRA, including the requirements that:
 1. The Account must have been maintained for at least 15 years;
 2. Only contributions (and any earnings attributable thereto) made more than five years prior can be rolled over;
 3. The amount eligible for rollover cannot exceed the IRA contribution limit for that tax year (\$7,500 for 2026);
 4. There is an aggregate lifetime limit for 529-to-Roth IRA Rollovers of \$35,000 per Beneficiary.
- Rejected rollovers will be reinvested in the CollegeCounts 529 Fund Advisor Plan Account.

4. Signature and Authorization (continued from previous page)

I certify that all the information contained herein is true and correct.

I acknowledge that the rollover of funds may have special tax and other consequences and that neither the Board, the State Treasurer of Alabama, nor the Program Manager will be responsible for the tax and other consequences of any such rollover.

I acknowledge that, if this form is electronically signed, my electronic signature will have the same legal validity and enforceability as a manually executed signature or handwritten signature to the fullest extent permitted by applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the Uniform Electronic Transactions Act or any similar state law based on the Uniform Electronic Transactions Act. I acknowledge that any electronic signature must be a certificate-based digital signature, and that any electronically signed form must be accompanied by a digital signature certificate or a digital signature audit trail containing, at a minimum, information regarding the date and time the electronic signature was executed, as well as the following personally identifying information of each signer: the signer's legal name, email address, and internet protocol address. I understand that this form may not be signed using Adobe Acrobat Reader's "Fill & Sign" and "Adobe Sign" features or any other electronic signature method that does not produce an acceptable certificate-based digital signature.
